

— IXIGO HACKWEEK · OCTOBER 2026

The phone line for
the AI agent economy.

Any AI agent can now make, take and prove **real phone calls**: one tool, every model, local lines in four jurisdictions.

ERNESTO · JOSE MIGUEL · FRAN · CARLOS — THE ALONSO TEAM

— THE PROBLEM

AI agents can do almost everything...

- ✓ Browse the web
- ✓ Write the code
- ✓ Plan the trip
- ✓ Compare the fares
- ✓ Pay online
- ✗ Call the hotel

...until the phone.

Hotels, clinics, cabs, airline desks, restaurants, SMBs: **the real world still runs on calls.**

#1

channel for customer service in the US is still the phone (35%).
Chatbots: 1%.

YouGov 2025

44%

of 70M business calls analysed went unanswered.

Invoca

1.35B

telephone subscribers in India alone.

TRAI, June 2026

— THE SOLUTION

One tool call. **A real phone call.**

Plus Bistro

Summary

Done

The assistant successfully booked a table for 4 at Plus Bistro under Rahul for this Saturday at 8:30 pm, as the 9:00 pm slot was unavailable. The restaurant also confirmed they offer vegetarian dishes.

► What your agent was asked · For Rahul

Goals

- ✓ **Book a table for 4 people this Saturday at 9 pm, or closest time if full**
Since 9 pm was unavailable, the callee offered 8:30 pm or 10:00 pm, and a reservation for 4 was confirmed for 8:30 pm.

Listen

- ✓ **Book under the name Rahul**
The reservation was booked under the name Rahul.

Listen

- ✓ **Ask if they have vegetarian options**
The callee confirmed having several vegetarian dishes as well as gluten-free options.

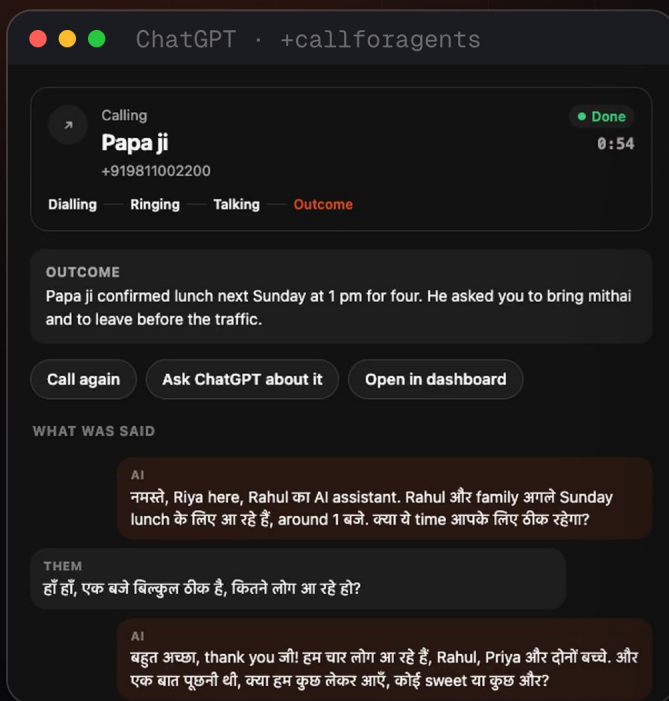

Listen

- ✓ **Confirm the booking before saying goodbye**
The callee explicitly confirmed all booking details before concluding the call.

All-in: model, line and review. Billed per second after 10 s, prepaid with Stripe. Unanswered calls are free.

GROSS MARGIN BY ROUTE (GPT-LIVE, OUR COST MODEL)

Calls, per minute

Premium routes \$0.45

Pick-up line \$9/mo

Platforms & B2B

THE PATH · ASSUMPTION: 3-MINUTE CALL = \$0.45

\$1M ARR

6.1k calls / day

\$10M ARR

61k calls / day

\$100M ARR

610k calls / day

For scale: Vapi reports 1–5M voice-agent calls a day (company-reported).

Bottom-up: 1% of ChatGPT's 900M weekly users × 2 calls a month = 216M calls a year ≈ **\$97M ARR**.

— OUR MOAT

Four entities. **Four telecom regimes.**

INDIA Telecom licences (UL-VNO) only for Indian companies; commercial calls registered on DLT.

SINGAPORE Phone numbers for IP telephony need an IMDA licence.

UAE Only TDRA-licensed providers; local numbers need a UAE trade licence.

EU AI Act Art. 50 (Aug 2026): say it's an AI. We already do, on every call.
